### **J. L. Becker Company Ships Multiple Box Furnaces**

J.L. Becker, a Gasbarre Furnace Group Company, is pleased to announce the recent shipment of three Box Furnaces in January 2014. The furnaces are designed for tempering and atmosphere hardening and are equipped with both electric and direct gas fired heating systems to accept various standard load sizes. Operating temperatures range from 350-1350° F. Capabilities include atmosphere circulation systems for uniformity compliance of +/- 5 degrees, insulation package for high efficiency, special door design for atmosphere tight chamber and SCR control.

Located in Plymouth, MI, J.L. Becker designs, manufactures and services industrial atmosphere heat-treating equipment, specializing in Tip Up, Car Bottom and Large Batch Furnace Systems and has been delivering custom solutions to the heat-treating industry for over 40 years.
