

USED EQUIPMENT DATA SHEET

Stock Number: U-3425
Manufacturer: J.L. Becker Company
Type: Double Ended Charge Car

Load Area: 36" wide x 72" long
Serial Number: J1854
Date of Manufacture: 1995

Condition: Still Installed/Operational
Excellent Condition

Gross Load Capacity: 7000 lbs.

Features:

Car is designed to load/unload from each end.
Handler head is powered by a 1½ hp motor
Lateral movement of the car by 3 hp motor

Controls to operate the car functions is mounted on the car frame.

Operator heat shield is mounted to the car frame.

Voltage: 480 volt 60 hz 3ph

Holding Stations

Stock Number U-3426
Manufacturer: J.L. Becker Company
Type: Holding Station
Load Area: 36" wide x 72" long
Serial Number: J1854
Date of Manufacture: 1995
Capacity 7000 lb
Structural Steel Frame Heavy duty steel frame with steel roller rails to support the work.

Scissor Lift

Stock Number U-3427
Manufacturer: J.L. Becker Company
Type: Scissor Lift
Load Area: 36" wide x 72" long
Serial Number: J1854
Date of Manufacture: 1995
Capacity 7000 lb
Structural Steel Frame Heavy duty steel frame with steel roller rails to support the work.
